

Come play with us !

Open House Event

Learn
through
play!

A world to
discover!!

We can eat
potatoes that we
planted!

I saw the
butterfly
come out!

Life is
exciting!

Come at your convenience! Children are free to play in the classroom. Himawari Preschool enrollment starts from 2 and a half years old, and we work with families starting their child's toilet training.

Please feel free to ask any questions regarding enrollment. We are happy to discuss attendance days, tuition fees, and other plan preferences.

What is Himawari Preschool like??

★Through play and a rich environment engaging all five senses, children develop their life skills and kind hearts.

★Kids can naturally learn about Japanese culture and traditions, exploring the world with their new Japanese friends.

★They can experience the changing seasons in our spacious surroundings, taking walks outside the school grounds, playing in the snow in winter, and exploring the surrounding meadows.

★Students can help their Japanese friends explore English, and at the same time acquire Japanese in a natural way common to all young children through experience.

★ Interacting with the Niji-Iro elementary kids gives our Himawari students natural role models for growing up together in both Japanese and English.

9/17 (木) 5:30-7:00pm.

36611 Curtis Road Livonia, MI

734-266-0611

Entry is at door #3 in front of the school
